75CM 5 Burner Gas Cooktop

FEATURES & BENEFITS

IXELIUM
Thanks to an exclusive nano-technology treatment, the iXelium cooktop is extremely easy to clean. Unlike a standard steel top, iXelium prevents food residuals from sticking to the surface so all you need to do to remove dirt is a soft sponge and non aggressive detergent. The result is a cooking surface which will remain shiny over time without scratches.

HIGH EFFICIENCY BURNERS
This model features 5 unique verticle flame burners that enable fast cooking, while at the same time decreasing energy consumption and C02 emissions.

POWERFUL RAPID BURNER
Whirlpool's high powered rapid burner is included for extra strength cooking.

CAST IRON TRIVETS & WOK SUPPORT
Traditional Cast Iron for a premium finish, durability and long lasting quality features, including Wok Support.

LASER ETCHED SERIGRAPHY
The sleek design includes laser etched serigraphy on the control panel settings and logo.
