

SP9YA

520W 5.1.2ch, Dolby Atmos Wi-Fi Soundbar

Release: April 2021

Creating great sound with Meridian Technology

LG Sound Bar SP9YA comes with Meridian advanced digital signal processing technology. Experience high fidelity sound and a wide sound stage.

The immersive power of Dolby Atmos®

Get wrapped up in sound. Dolby Atmos® and DTS:X® audio on games, movies and music lets you hear effects from front, centre and above. Feel immersed in entertainment, with virtual surround sound.

*Dolby Atmos® enabled TV and compatible source content required. DTS:X® available via HDMI pass-through.

Your platforms, your choice

Hear more of your favourites on LG Soundbars with Smart Home Compatibility*. Play music using the platform of your choice. Compatible with Hey Google, Amazon Alexa and Apple Airplay 2.

* Requires LG Sound Bar app (Android 5.0 or later, iOS 10.0 or later) and home Wi-Fi network. Hey Google™ and Amazon Alexa™ a Google or Amazon Account (as applicable). Apple AirPlay® is compatible with iOS 11.4 or later, or macOS 10.14.5 or later. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. Google is a trademark of Google LLC. Amazon, Alexa and all related logos and motions are trademarks of Amazon.com, Inc. or its affiliates. AirPlay is a trademark of Apple Inc.

Amazingly Immersive 5.1.2 channel sound

Discover outstanding virtual surround sound. With 5.1.2-channel audio, 520W power and a subwoofer, LG Soundbar SP9YA is designed to make your listening experience extraordinary.

*Rear speakers shown (SPK8-S) sold separately

Sound suited to your space

Great sound, tailored to your room. AI Room Calibration determines the optimum Soundbar Sound configuration for your space, automatically adjusts sound to compensate for surfaces and objects*.

*AI room calibration requires LG Sound Bar app (Android 5.0 and later, iOS 10.0 or later) and home Wi-Fi network.
