

Pro-grade Camera

Get ready for a camera so good, it can make everyone a pro. Use a full kit of lenses including wide, ultra-wide, and 64MP telephoto to capture incredibly realistic shots and light up the night in vivid colour with night mode. You can also shoot once and automatically capture the moment in up to 14 ways with Single Take.

Single Take

No more fumbling through camera modes. Shoot once, capture up to 14 ways. Artificial Intelligence automatically snaps videos, gifs and stills simultaneously so you can choose the best shot, every time.

Intelligent Infinity-O Display

See clearly, even in the sun with an ultra-bright screen.⁵ The stunning 6.7" intelligent display is designed to constantly adjust the blue light filter to help care for your eyes. Our toughest display ever, the 120Hz display makes scrolling feel oh-so-smooth with adaptive screen performance to reduce battery strain.

All-day fast charging battery

With 4,800mAh (typical) all-day battery, Galaxy S21+ 5G has the power to last.⁶ It also charges superfast, so you get hours of power from only minutes of charge.⁷

Super-fast processor

The fastest chip ever in Galaxy. Built to enable lasting power and performance with the next-gen Exynos 2100 chipset.

Seriously fast 5G

Stream, download, and post at seriously fast speeds with incredible 5G technology.⁸

Pro-grade Video

Shoot with incredible detail in 8K¹ or smooth the action with Super-Smooth video which adapts to 60 or 30 frames per second² for professional looking video worthy of the big screen. With 8K video quality so sharp, you can even pull a pixel-perfect 33MP still from your video long after the moment's passed.

Space Zoom 2.0

Get close with less pixelation with 3x optical zoom. Get even closer with 30x Space Zoom and capture all of life's details.³

Portrait Mode

Hello gorgeous. The perfect lighting in every portrait. Galaxy S21+ 5G analyses the surroundings in real time and uses AI to give images depth, lighting enhancement and clarity to give you that DSLR feeling.

Night Mode

Shoot like a pro, even in low light. Capture significantly brighter images⁴ with our increased image sensor which is designed to take in more light to produce richer photos, even in the dark.

Galaxy S21+ 5G

1. 8K video only records 24 fps. To view videos in 8K quality, a compatible 8K device is required (sold separately). 2. Adaptive Frame Rate is supported in 'FHD Auto' resolution only. 3. 30x Space Zoom includes digital zoom, which may cause some image deterioration. 4. When compared to Galaxy S10 series. Results may vary. 5. When compared to Galaxy S20. 6. Actual rated (i.e. minimum) battery capacity value may vary by up to 3%. Battery life depends on usage and other factors. 7. 25W charger required, sold separately. 8. Available on selected plans on eligible 5G networks.
