Features

- ✓ 6 Motion Wash Technology
- ✓ Inverter Direct Drive Motor
- ✓ Stainless Steel Inner Tub
- ✓ Smart THINQ™ (Wi-Fi)
- ✓ 10kg Capacity
- ✓ Smart Diagnosis® 3.0
- ✓ Transparent Glass Lid
- ✓ 950rpm
- ✓ 9 Washing Programs with 6 Options

6 Motion Wash Technology

LG 6 Motion Wash Technology - use a combination of 6 motions, based on hand-washing, to wash your clothes. Simply choose a cycle. Your washer works out the best combination to give you an outstanding wash, whilst also caring for your clothes.

Inverter Direct Drive Motor

The direct drive motor with inverter control is an advanced motor system to a traditional belt and pulley system. It delivers a reliable, quiet and durable mechanism with less moving parts - that's why you get a 10 Year Parts Warranty on the LG Inverter Direct Drive Motor.¹

Stainless Steel Inner Tub

A Stainless Steel Inner Tub is more effective to help control bacteria growth than tubs made of plastic or containing plastic agitator's. This combined with the Tub Clean program helps maintain a hygienic wash.

Smart THINQ™ (Wi-Fi)

With a smartphone and the LG Smart THINQ™ app the washing machine can "talk for itself" to find a solution to help save time and money on unnecessary call outs.² Once connected to your home Wi-Fi, you can set, start and even view usage history remotely on your smartphone. When your washing is complete, you will be notified on your smartphone.²

¹ 2 Years parts and labour + 8 years on Inverter Direct Drive Motor (parts only)

² Compatible smartphone required, Android 4.1.2 (JellyBean) or later or iOS8 or later required for LG Smart THINQ™ app and Audible Smart Diagnosis feature. Mobile 3G/4G or Wi-Fi connection, LG Smart THINQ™ app is required for Remote Start, Usage History & Notifications.
