

## 621L Side-by-Side Refrigerator

### SRS620MDMB

#### Topline key features & benefits

1. SpaceMax™ Technology
2. Convertible Flexzone
3. Designed to fit standard Australian kitchens\*
4. Plumbed Ice / Water Dispenser
5. Matte black stainless steel finish

#### Key features & message hierarchy

#### Internal space efficiency with Space Max™ technology

SpaceMax™ technology uses minimal high-efficiency insulation to keep internal walls thin and create more storage space inside without increasing external dimensions.

#### Customisable temperature zone

Store and organise your food more efficiently with the unique 3-door design. With just one touch, the temperature can be customised depending on the food inside using one of the four options - from Chill (0°C) to preserve meat to Fruit & Veg (3°C) to help keep them fresher for longer.

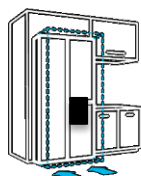

#### Designed to fit standard Australian kitchens\*

With height of the fridge being just under 1800mm, it is designed to fit under most standard Australian kitchen bulkheads to give an integrated, modern look.

#### Refreshingly chilled ice or water, straight from the fridge door

Enjoy instant refreshment at home with the convenience of a plumbed ice and water dispenser. Great for those long summer days or for those who entertain often!

#### Sleek and seamless design

The matte black finish with flat doors and recessed handles adds a touch of elegance to your kitchen. Controls that are not frequently used are relocated to the inside of the fridge to give a seamless look.

DISCLAIMERS:

\* Fits a standard 1800mm cavity. Please review full fridge dimensions to determine suitability.

General Info	
Model Code	SRS620MDMB
RRP	\$3,099
SAP Code	RS65T5685B4/AN
